RALPH MORSE FURNITURE COMPANY

GRAND RAPIDS, MICHIGAN

1% 20 Days, Net 30
FOB - Grand Rapids

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

1. From time to time, because of technological changes and improvements, it may be necessary to change our specifications. We reserve the right to do this when and if it becomes necessary.

ALL ITEMS LISTED NUMERICALLY EXCEPT #450 SECTIONAL WHICH IS IN THE BACK OF THE BOOK

INFORMATION REQUIRED ON ORDERS:

1. Pattern number
2. Cover number
3. Type of cushion
4. Trim desired
5. Finish desired

FURNISHED COVER:

1. Please identify all fabrics sent in, with your name, order number and number of piece on which fabric is to be applied.
2. All yardages are based on 54" material. Increase yardage by 1/3 for 48" material and 3/4 for 36" material.
3. Please be specific as to how material is to be applied - regular or railroaded (run sideways). If not specified, we will use our own judgement in applying and absolutely no claims, adjustments or returns will be allowed.

LEATHER:

1. We have a large color selection of leather. We will furnish samples upon request.
2. Where a valance is included in standard specifications, it is not included in leather.
3. When furnishing leather, allow 16 times yardage listed to produce footage needed and add $14.00 times yardage to COM price for our application.

QUILTED FABRIC:

1. When fabric is furnished by customer, please send the plain unquilted fabric and we will be glad to do the quilting per your instructions at a price of $13.00 per square yard.
2. When fabric furnished by customer to be cut to pattern and returned for quilting add:
   Chairs - $18.00 Love Seats - $26.00 Sofas - $33.00
3. Our Ralph Morse quilted fabrics are priced for quilt and plain application. If quilted all over desired, write for quotations.

FABRIC GUARANTEE:

1. We are not responsible for color fastness or wearing qualities of upholstery fabrics.

ADVICE IN SELECTION OF FABRICS FOR CURVED BACK FURNITURE:

1. Consider the inside back of a piece of curved furniture. It is thicker at the cushion top height than at the top rail. This means that the inside back distance measured along the top rail is greater than the corresponding distance at cushion height. This geometrical, mathematical fact causes stripes which are applied vertically, or any fabric with a conspicuous grain, to appear distorted when upholstered. Similarily, if a fabric must be run regular and seamed, the seams will not run vertically, but will appear curved. It is for this reason that we strongly advocate that you choose fabrics for curved furniture which can be railroaded.
2. Whenever you have chosen furniture whose length exceeds the width of the fabric, we will run fabric sideways (railroaded) whenever the pattern in the fabric is adaptable, so please anticipate and be sure to specify if fabric cannot be railroaded.

SPECIAL LENGTH:

1. We will manufacture the majority of our sofas to any length you desire. Please follow the following formula to determine your cost:

   Determine the price per inch by dividing the standard length in inches into list price being sure to make cushion and other additions (if any) first. Multiply the price per inch by number of inches in length you desire to determine price and then add 10% to this figure for frame change.
   To reduce lengths under 60", price them same as 60".
2. This formula applies whether you are making a piece shorter or longer.

DIMENSIONS:

1. All dimensions in this price list or our catalogue should be presumed to be approximate. We cannot be held responsible for minor variations.

DAMAGE OR LOSS DURING SHIPMENT:

1. All goods are shipped from our factory in first class condition. Complete final inspection insures this. If you accept a shipment and find one or more articles missing or damaged, you do so at your own risk. Once the transportation company has signed the Bill of Lading, the goods become your property. Be sure to require the delivery agent to note all shortages or damages on all copies of the freight bill before you sign acceptance. In case of concealed damage or shortage, notify the carrier at once in writing.

DROP SHIPMENTS:

1. Uncrated upholstered furniture is susceptible to minor damage and mis-arrangement of parts while in transit. This is something over which we have no control. As a furniture dealer or decorator you understand this and are prepared to make minor repairs or regulations as required. Your retail customer may not understand this, so explain the possibility to him whenever direct shipments are made.

CANCELLATIONS:

1. No cancellations will be accepted after fabric has been cut, any special frame started or if any standard frame has been altered. There are no exceptions to this rule.

RETURNS:

1. No returns accepted unless approved by factory office or unless returned freight prepaid. If returned prepaid, and we determine that it is a factory defect, the piece will be returned to you prepaid in first class condition, and you will be reimbursed with the original freight. However, if we determine that it is not a factory defect, you will have to stand all repair charges plus return freight to you.

TRIM INFORMATION:

1. Casters:

Planet Shepherd	Satelite Shepherd	Royal Roll
$5.24 Each	$5.24 Each	$4.70 Each

BIAS WELTS:

1. Add 4% to price when our cover is being used.
2. Add to yardage for COM: Chairs - 1½ yds. Love Seats - 1½ yds. Sofas - 2½ yds.

SELF DECK:

1. Self deck is standard on all pieces. Yardages are figured to include self deck.

SWIVELS:

1. Please add $26.00 if a swivel chair is desired.
2. Many of our chairs can be made on swivels, and in general this includes all of the built-to-the-floor chairs with legs. On chairs with legs, a flounce must be used to hide the swivel mechanism.

WOOD FINISHED:

1. Standard Wood Finishes - No extra charge. If highly distressed desired, add "H.D." after the name of the finish.

   Belvedere
   Conn. #2
   Ebony
   Kensington
   Louvre
   Palatina
   Rhone
   Stratford
   Trent
   Walton

2. Painted Finishes - Additional charge for legs only, $26.00. For wood frames or exposed wood bases, add 15% to COM price.

Antique Blue (H.D.)	Dover White
Antique Green (H.D.)	Madrid Yellow
Antique Red (H.D.)	Naples Blue
Antique Yellow (H.D.)	Breton Green
Antique White	
Brushed White	
Bronze Gold	

FABRICOATE

1. We will have your fabric treated by the Fabricoate process for $3.50 per yard. This is the only soil resistant treatment we offer. If you require any other, kindly make suitable arrangements and give us your instructions.
2. We quote from Fabricoate literature: "Fabricoate repels spots and stains on any fabric by penetrating every fabric fiber with a protective, silicone, colorless film which gives a high degree of water repellancy to the surface.... repelling all non-oily stains. One application will last one year or longer.
3. We make no guarantees for this product, but it is our experience that this statement is substantially correct.

ADDITIONAL SEAT AND BACK FILLING INFORMATION:

1. Poly/Dacron: This is a truly luxurious seat cushion, using a combination of Dacron and new "Nimbus" foam enclosed in a down ticking. Nimbus is a new urethane (poly foam) foam designed for today's trend of deep down cushioning, but with resiliency to spring back. Made to stay luxurious, resilient and comfortable. This luxury cushion is standard in many of our pieces. It is a cushion that we highly recommend.
2. Spring/Down: This is a seat cushion construction consisting of a combination of a spring unit insulated with high quality cushion cotton that is surrounded by an envelope of down. This cushion has been a popular construction with us for many years. This construction is slightly firmer than our poly/dacron cushion.
3. Down Seat Cushion: This cushion is made of 40/60 gray goose down. This grade of down we feel gives the best combination for filling power (ability to spring back), and comfort for an all down seat cushion. The down is encased in a down proof ticking that is partitioned off into sections so that the down will not shift. This is truly a luxury cushion that has been used for years. You should expect this type of cushion to have a casual appearance, and it will require fluffing up from time to time as it is used.

4. Dacron Back Pillows: Dacron (polyester fibers) is a very superior filling material used for back pillows on pillow back sofas and chairs. This material is encased in a down ticking material and is partitioned off into sections to keep the dacron from shifting. This material has a remarkable ability to spring back and hold its shape, while producing the luxurious comfort that is required of a back pillow. In addition to its comfort, another advantage is its ease of care. This pillow construction is standard on all of our pillow back pieces.
5. Down Back Pillows: Additions for Down Back Pillows are as follows:

Chairs	$13.00
Sofas through 60"	24.00
Sofas 61" through 72"	30.00
Sofas 73" through 84"	37.00
Sofas 85" through 96"	46.00
Sofas 97" through 108"	55.00

CUSHION CHANGES:

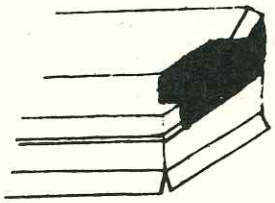
1. When you change the number of arrangements, of seat cushions and/or back pillows, please add $18.00 to cost of the piece.

CONTRASTING WELT:

1. There is no additional charge for contrasting welts.
2. The contrasting welt yardage listed for each item is over and above the regular yardage required.

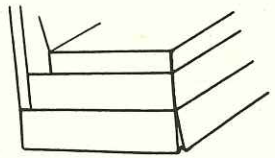
FULLY TAILORED ARM COVERS:

1. The only arm covers we offer are severely tailored and fitted to insure an excellent appearance together with protection. They extend all the way to the back on both inside and outside, and downward to the platform, all around. Extra material is provided at the inside back and platform, which may be tucked in for a snug fit. Much more fabric and labor is required to make these covers, rather than the small fitted ones. This is reflected in the price listed below:

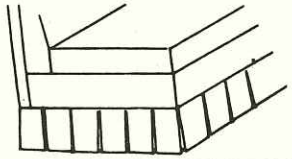


(a) Add $24.00 com cost on Arm Covers
(b) Add 2 yards of 54" material

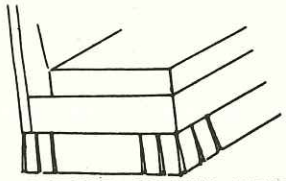
VALANCES



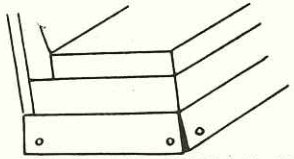
SINGLE KICK PLEAT VALANCE



BOX PLEAT VALANCE



DOUBLE KICK PLEAT VALANCE



BUTTONED PLEAT VALANCE

Use regular valance price as shown on each price sheet.
